

Objective

A passionate and innovative UI/UX Designer and Web Developer with extensive experience in creating intuitive, aesthetically pleasing, and functional user interfaces. Proficient in a wide range of programming languages, frameworks, and design tools. Committed to leveraging the latest trends in UI/UX and web development to deliver efficient and maintainable solutions.

Professional Experience

Senior UI/UX Designer

ABC Solutions, New York City, NY

January 2020 – Present

- Lead the design and implementation of user interface components for web and mobile applications, ensuring both aesthetic appeal and usability.
- Collaborate with cross-functional teams to translate business and user requirements into practical design solutions.
- Conduct user research and usability testing to gather feedback and refine interfaces.
- Stay updated with the latest design trends and technologies, applying best practices to all projects.

Web Developer

XYZ Web Services, San Francisco, CA

June 2018 – December 2019

- Developed and maintained responsive websites using HTML, CSS, JavaScript, React, and Angular.
- Optimized website performance, achieving a 25% increase in speed and user engagement.
- Worked closely with designers to ensure accurate translation of design concepts into functional code.
- Implemented SEO best practices, resulting in a 15% increase in organic traffic.

Education

Bachelor of Science in Computer Science

University of Technology, Los Angeles, CA

May 2018
